*"The religion of "authority" is based upon the Illusion and Falsehood that some are Masters, who may set arbitrary dictates which are not based in Morality and enforced by violence, while others are Slaves who have a "moral obligation" to obey the arbitrary dictates set by the Masters. That is what the BELIEF in "authority" IS. This is not my OPINION of what it is, THAT IS WHAT IT IS, and this is a Falsehood.*

*It does not exist in Reality, it is an Illusion, it is a mental construct of an imbalanced Mind and an imbalanced Psyche. And the biggest Manifestation of this universal world Religion called the BELIEF in "authority" is Government."*

"It isn't a coincidence that governments everywhere want to educate children. Government education, in turn, is supposed to be evidence of the state's goodness and its concern for our well-being. The real explanation is less flattering. If the government's propaganda can take root as children grow up, those kids will be no threat to the state apparatus. They'll fasten the chains to their own ankles."

The income tax is a twentieth-century socialist experiment that has failed. Before the income tax was imposed on us just 80 years ago, government had no claim to our income. Only sales, excise, and tariff taxes were allowed.

Governments don't want a population capable of critical thinking.

They want obedient workers, people just smart enough to run the machines and just dumb enough to passively accept their situation.

FIGHTING FOR THE 99%

*In the early 1830s, the Cherokee nation, located in Appalachia, was pressured by the U.S. government to evacuate their land after gold was discovered on their territory. Cherokee Chief John Ross expressed these words to the U.S. government in 1836. Despite the efforts of Ross and other Cherokee members, the Cherokee were forcibly removed from their land in 1838 on what we know today as the Trail of Tears.*

**"By the stipulations of this instrument, we are despoiled of our private possessions, the indefeasible property of individuals. We are stripped of every attribute of freedom and eligibility for legal self-defence. Our property may be plundered before our eyes; violence may be committed on our persons; even our lives may be taken away, and there is none to regard our complaints. We are denationalized; we are disfranchised. We are deprived of membership in the human family! We have neither land nor home, nor resting place that can be called our own."**

*~John Ross  
Cherokee Chief  
September 28, 1836*
